

HAPPY Fall y'all

Our Week

ABC boot camp this week focused on the letters K, V, W and Y. As we near the end of bootcamp, the letters and sounds get a bit harder. Check in with your child to see if they are making these letter correctly, and if they can tell you the sounds they make!

During Daily 5, we continued to work on building stamina for writing and buddy reading. Buddy reading has been a little difficult, because students are so used to reading books by themselves. They have had to learn strategies of how to read with a partner. They learned that they can read one book together, or they can each pick a book and take turns reading them to each other. It's also hard for them to focus on reading, when they want to talk about other things instead. They have done a great job though, and are already up to 5 minutes.

We finished our shapes book this week and talked about hexagons. The class did a very good job thinking of things that are in the shape of a hexagon! We also began talking more about positional language (above, below, beside, between, etc.)

In science, students talked about clouds. We wrote down all of the things they know about clouds, as well as things they want to know about clouds. After we read a book about them, we wrote what they learned.

Schedule Next Week

Monday- No school
 Tuesday- P.E., Music,
 Wednesday- P.E.,
 Computers
 Thursday- P.E., Music,
 Library
 Friday- P.E., Computers

October Sight Words

Please practice sight words at home with your child every day!

is to the can and we

October at a Glance

Oct 14- No School
 Oct 17- Picture retakes, book order due
 Oct 21-25- Red Ribbon Week
 Oct 22- Fireman Visit
 Oct 31- Halloween Party (Parade 1:15 Party 1:30)

Next Week

Poem: I'm a Little Pumpkin
 Letters/Sounds: X, Z, Q
 Number of the week: 6

Next week we will continue building stamina for Daily 5. We did not get to our new station, word work this week, so students will begin learning about that on Wednesday. They also will be trying to get their stamina for writing to 15 minutes on Tuesday, which is the goal. Fingers crossed!

In science, we will continue our work with clouds. The students will learn about 4 different types of clouds, and make them out of different materials. We will also do a cloud in a cup experiment.

Bootcamp ends next week, which means it's almost time for our ABC Bootcamp FASHION SHOW! More information about this will be coming home soon ☺

Don't forget to check out our class Weebly!
