Our Week

We are on a roll for ABC boot camp, completing 4 more letters this week! Please practice all 5 short vowel sounds at home, since these can be tricky! We are now done with MAP testing until after winter break! The students did a great job trying their best on their tests. In math this week, the students learned about the number 3, and also completed the next page in their shapes book, which was all about triangles. The students were introduced to Mat Man this week. Mat man helps them when they draw, so that they don't forget to add certain body parts like arms, legs and a body. There is a YouTube video if you'd like to practice making mat man at home. During stamina building for Daily 5, the students have now built their read to self stamina to 11 minutes, and their work on writing stamina to 6 minutes. At this pace, we will be able to start Daily 5 at the end of October which would be great! We had another party for good behavior this week, and the students loved getting to wear no shoes in the classroom!

Schedule Next Week

Monday- P.E.,
Computers
Tuesday- P.E., Music
Wednesday- P.E.,
Computers
Thursday- P.E., Music,
Library
Friday- P.E.,
Computers

September Sight Words

OCTOBER SIGHT WORDS COME HOME NEXT WEEK, SEPTEMBER WORDS SHOULD BE FLUENT

Next Week

Poem: Apples Apples
Letters/Sounds: P, J, L, H
Number of the week: 4

Next week will be our first real routine week! Library starts and MAP testing is over. We will go to library every Thursday. Students will have the chance to check out one book every week. They need to return the book the following Thursday in order to check out a new book. If they do not bring it back, they will not be able to check out a book that day. For Daily 5 stamina practice, the students will be introduced to buddy reading next week. They will learn to sit EEK, elbow to elbow, knee to knee. We will also continue to build stamina with read to self and work on writing.

In math, the students will continue to focus on 2D shapes, as well as positional language (above, below, beside, etc.).

In science, we will focus on apples next week and do a sink or float experiment.

I a like am one

October at a Glance

Oct 4- Progress notes home
Oct 11- Half day
Oct 14- No school
Oct 17- picture retakes,
book order due
Oct 31- Classroom
Halloween party
